

ADAMS 12 FIVE STAR SCHOOLS

NAVIANCE TUTORIAL

WHAT IS NAVIANCE?

Naviance is a comprehensive website that you can use to make plans about colleges, and careers. It is a service that we use in our office to track and analyze data about college and career plans, so it provides up-to-date information that's specific to our school.

Family Connection allows you to:

- **Get involved in the planning and advising process** – Build a resume, complete online surveys, and manage timelines and deadlines for making decisions about colleges and careers
- **Research colleges** – Compare GPA, standardized test scores, and other statistics to actual historical data from our school for students who have applied and been admitted in the past
- **Research careers** – Research hundreds of careers and career clusters, and take career assessments
- **Create plans for the future** – Create goals and to-dos, and complete tasks assigned by the school to better prepare your student for future college and career goals.

Family Connection also lets us share information with you about upcoming meetings and events and other resources for college and career information.

HOW CAN NAVIANCE HELP ME?

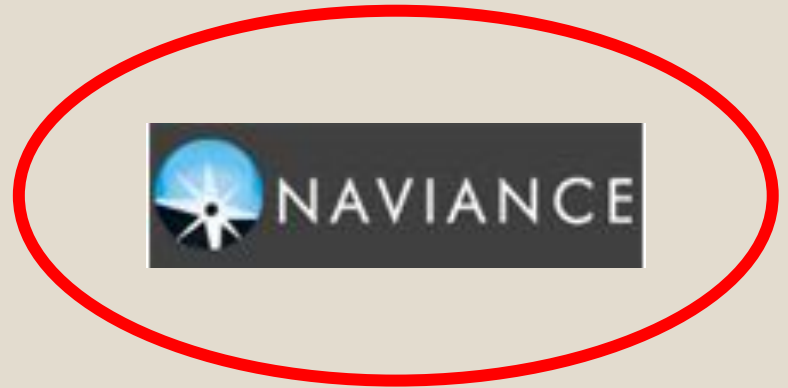

Naviance is designed to provide you with information about time management and study skills improvement, decision making, career information, college planning, and college admission tests. Getting started with an assignment or work can sometimes be a problem. However, if you put into practice ideas from this site, you may find that your high school years will be more rewarding.
